CATSPA W PROPERTY OWNERS ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

NOTE 1 - THE ASSOCIATION

Catspaw Property Owners Association, Inc. is a property owners association organized as a non-profit North Carolina corporation. The Association began operations on August 31, 1996. As of December 31, 2022, the Association consists of 54 residential lots, 19 of which have houses. On January 1, 2022, there were 54 residential lots, 19 of which had houses. The number of lots may change (and historically has changed) due to lot subdivisions and/or lot combinations. A lot is considered "improved with a house" when construction of said house commences.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

A. Basis of Presentation

The financial statements have been prepared in accordance with generally accepted accounting principles on the accrual basis, in which income is recognized when earned and expenses are recognized when incurred. The Association utilized the modified accrual basis in years before 2015. The Association reports annual financial information on a calendar year basis (the year-end is December 31st). Members' Equity represents the accumulated excess or surplus of revenues over expenses, and consists of reserve funds that are intended to be used for unanticipated events, primarily related to unforeseen road repair expenses.

B. Association Annual Assessments/Accounts Receivable

Property owners are subject to yearly assessments to provide for the Association's operating expenses, primarily road maintenance and improvements. Any excess over budget is retained by the Association for use in future years. As of December 31, 2023, unimproved lots (without a house) are assessed at 5/6 of the assessment for a lot improved with a residence. Assessments are normally billed in November, and due January 1st. Assessments are normally considered delinquent if not received by January 31st. The Association follows the procedures in North Carolina General Statutes (NCGS) Chapter 47F in filing a lien for unpaid assessments and collecting sums due. Receivables at the balance sheet date, if any, represent assessments due from property owners. The Association considers all property owners' receivables at the balance sheet date to be collectable. Accordingly, no allowance for doubtful accounts is required. If any receivables should become uncollectible, they will be charged to operations when that determination is made.

The liability for 'Overpaid Assessments" represents assessments that have been paid in excess of assessments due. These amounts are refundable or may be applied to future assessments.

C. Annual Budget

The Association is required to prepare a budget annually in accordance with the 2013 (current) Bylaws. The budget includes anticipated income and expenses, planned major roadway repair or replacement expenses, and a reserve for unanticipated events. Road maintenance and improvements can be delayed because of weather conditions; and accordingly minor budget variances between years may occur.

D. Cash in Bank

The Association maintains two bank accounts with Wells Fargo as of December 31, 2023. One is an operating account, and the other is an interest-bearing savings account. Bills of the Association may be paid by 2 signature checks or by online banking. All expenditures are approved by a majority of the Board before disbursements are made.

E. Supplementary Road Expense Schedules

Schedules of road maintenance expense details are provided as supplementary information to the Statement of Operations. These schedules show how expenses can vary from year to year, and break out the expenses between the road that Catspaw shares with Walnut Gap from the roads that are the exclusive responsibility of the Catspaw Association. The Walnut Gap Community does not have an Association. The Walnut Gap Road Fund is a voluntary road fund that collects voluntary payments from property owners in the Walnut Gap subdivision as well as some property owners in the Devon subdivision.
